eGrants Technical Assistance

Contact the National Service hotline at 800-942-2677 or via [eGrants online](#) if a problem arises when creating an account or preparing or submitting the application. Be prepared to provide the application ID, organization’s name, and the *Notice* to which the organization is applying.

Note: Encountering difficulties using eGrants when submitting an application is not considered an excuse for late submission. We strongly encourage you to create or update your eGrants account and begin your application at least ten (10) days prior to the final submission deadline and begin pasting your application into eGrants no later than 48 hours before the deadline. This should allow you time to address technical issues prior to the deadline.
