Why does branding matter?

- Sends a clear and consistent message to raise awareness and visibility
- Invokes a promise, an emotional reaction, a recognizable standard of service
- Visibility = relevance = funding sustainability
  - Instrumental in attracting and supporting the partners that we need
- Co-branding also helps your organization affiliate with something bigger than you!
- Compliance
From the 2014-15 NOFO (page 13):

e. Commitment to AmeriCorps Identification (Required)

How will the program participants know they are AmeriCorps members? How will the communities in which they serve know they are AmeriCorps members? How will the applicant’s program ensure that its participants will wear the AmeriCorps logo daily? How will the applicant ensure participants are prepared to speak about their AmeriCorps experience to members of the community?

From 2014-15 Terms & Conditions:

B. AFFILIATION WITH THE AMERICORPS NATIONAL SERVICE NETWORK.

Identification as an AmeriCorps Program or Member. The grantee must identify the program as an AmeriCorps program and eligible members as AmeriCorps members. All partnership agreements/MOUs related to the AmeriCorps program must explicitly state that the program is an AmeriCorps program and AmeriCorps members are the resource being provided.
The AmeriCorps Name and Logo. AmeriCorps is a registered service mark of the Corporation for National and Community Service. CNCS provides a camera-ready logo. All grantee and subgrantee websites must clearly state that they are an AmeriCorps grantee and must prominently display that AmeriCorps logo. Grantees and subgrantees, except for Education Award Programs (EAPs), must use the AmeriCorps name and logo on service gear and public materials such as stationery, application forms, recruitment brochures, on-line position postings or other recruitment materials, orientation materials, member curriculum materials, signs, banners, press releases and publications related to their AmeriCorps program in accordance with CNCS requirements. EAPs are strongly encouraged to use the AmeriCorps name and logo on such materials.

To publicize the relationship between the program and AmeriCorps, the Sub-Grantee shall describe their program as "an AmeriCorps Program." Sub-Grantees shall provide information or training to their AmeriCorps members about how their program is part of the national AmeriCorps program and about the other national service programs of CNCS. Sub-Grantees are strongly encouraged to place signs that include the AmeriCorps name and logo at their service sites and may use the slogan “AmeriCorps Serving Here.” AmeriCorps members should state they are AmeriCorps members during public speaking opportunities.

The Sub-Grantee may not alter the AmeriCorps logo, and must obtain written permission from CNCS before using the AmeriCorps name or logo on materials that will be sold, or permitting donors to use the AmeriCorps name or logo in promotional materials. The Sub-Grantee may not use or display the AmeriCorps name or logo in connection with any activity prohibited by statute, regulation, or in these grant provisions.
The brand IDEA framework differs from traditional brand management approaches in three key ways. First, the focus of the **brand is on the mission and values of the organization**, not on customers. Second, positioning of the **brand is designed to support collaboration to achieve shared goals**, rather than competitive advantage. Third, instead of tight policing of the brand, we argue for much greater participation and engagement in defining and communicating the brand.

- **Brand Integrity** means that an organization can describe who they are, what they do, and why in a way that embodies their core mission and values.
- **Brand Democracy** refers to a process that actively engages internal and external audiences in both defining and communicating the organization’s brand.
- **Brand Affinity** leverages the brand to support collaboration and partnerships, working with other organizations toward shared goals in order to maximize social impact.

Branding Initiative

OneStar Foundation aims to increase awareness and visibility of our AmeriCorps Texas grantees, members, and activities both statewide and in the communities you serve. We believe that providing tools and resources to grantees (such as signage, templates, and guidelines) will better assist you in your efforts to affiliate with the AmeriCorps brand and identity, raising the profile of all AmeriCorps Texas programs individually, collectively as a portfolio, and nationally.

The growth of social media and an increased emphasis on collaboration have changed the nonprofit landscape. As a result, organizations are increasingly interested in understanding how they can best manage their brand to achieve their desired impact.

Considerations:
1. Grantees have individual organizational identities and brands.
2. Increase reach and awareness without losing each program’s identity.
3. Unify AmeriCorps Texas.
4. Co-branding designs need to meet real program needs – i.e. recruitment, attracting and retaining new funders/partners, etc.
Using the AmeriCorps Logo

Logo Standards

• Use official logos and proper file formats for the end product
• Never turn the AC logo sideways, upside down, or place within a shape.
• Use logos proportionally; don’t stretch or squeeze
• AmeriCorps Texas logo cannot be less than ½ inch high
• Do not alter the fonts or colors
• Obtain written permission from CNCS before using logos on materials that will be sold.
A ten second elevator speech summarizes who you are, what you do and why it is important.

The Sub-Grantee (staff, administration, management) should use one of the following phrases when describing their program: "The AmeriCorps National Service Network", "an AmeriCorps Program," or “a proud member of the AmeriCorps national service network.”

**Examples for members:**

“My name is Krista and I am an AmeriCorps member for the East Side Learning Center, a children’s literacy nonprofit in St. Paul.”

“I’m an AmeriCorps member for a children’s literacy nonprofit in St. Paul.”

**Components & Tips:** Elevator speeches can vary a lot depending on the goal, audience, and circumstances but they should all contain the following elements.

- **Pertinent Facts**—The five W’s: who, what, where, why, how
- **Sparkle**—What makes your organization/service/product compelling or unique
- **Impact**—Statistics and stories that show results
- **Simplicity**—Jargon-free language that anyone can understand
- **Passion**—Show that you care about what you’re pitching
- **Flexibility**—Use a framework but adjust your speech to your audience
- **Preparation**—Practice your speech and ask for feedback

ABOUT UTB AMERICORPS

AmeriCorps is an opportunity to make a big difference in your life and in the lives of those around you. As a member, you will learn teamwork, leadership, responsibility and other essential skills that will help you for the rest of your life. And you will gain the personal satisfaction of taking on challenges and seeing results.

AmeriCorps members assist students with the college enrollment process (admissions, testing, academic advising, financial aid, orientation, registration, etc.), facilitate parent workshops and serve as a liaison for students (at ISD high schools and other designated venues, via phone and/or email). Members will maintain program activity logs, compile reports and other required documentation.

Each year the UTB AmeriCorps Program serves over 2,000 12th grade students; AmeriCorps members answer questions and guide students with all college enrollment requirements.
