AMERICORPS WORKS FOR TEXAS

Local Service, Statewide Impact

Every year, **more than 3,200 dedicated AmeriCorps Texas members** partner with local organizations to tackle some of our state's most pressing challenges, from disaster relief and education to environmental stewardship and healthcare access. By supporting AmeriCorps, you are investing in a proven model that leverages the passion and energy of Texans to create tangible, lasting change in communities across the state. AmeriCorps programs are not only effective in addressing critical needs but also remarkably efficient in their delivery, maximizing every dollar to build stronger, more resilient Texas communities.

*Available annual impact and performance data from the 2023-2024 AmeriCorps program year

in Texas received educational support

11.2 million pounds
of food distributed to Texas families in need

25,000 acres
of Texas parks and public lands improved

85,000 Texans
received increased access to health services

AmeriCorps & Workforce Development

AmeriCorps not only addresses critical community needs but also serves as a powerful engine for workforce development. These programs provide valuable hands-on job training and skill development opportunities while also offering education assistance to facilitate pathways into high-demand fields. Examples of tangible skills and benefits AmeriCorps members receive include:

- **Certifications** earned to advance careers for Teaching, Community Health Worker, Resource Service Specialist, and more

- Fulfillment of **higher education degree requirements** in the behavioral health field

- **Education awards** earned to pay student loans or apply toward future tuition and other training opportunities

AmeriCorps Texas represents approximately 50% of AmeriCorps funding in our state. For information on the statewide impact of all national service programs in Texas, visit **AmeriCorps.gov/Texas**
